RE: Reduction of Forensic Photography Services

Effective immediately, the Department of Forensic Science (DFS) will no longer have the capability to provide prints (and enlargements) of crime scene and autopsy images from digital formats, i.e. images submitted via memory card, compact disc, SD card, etc.

These changes are necessary to best manage DFS's staffing and resources.

Please be advised that DFS will continue to prepare poster exhibits as needed for court.

For questions regarding this change in policy, please contact Central Laboratory Director, Jeff Ban at 804-786-6800.
